Divisional Society Representation

At the 2013 Annual House of Delegates meeting the AOA House of Delegates approved Resolution Number H-500 - A/2013, which deals with the composition of the AOA House of Delegates.

A total of **473 delegate positions** will be allocated among the Divisional Societies for each of the states, the District of Columbia, and osteopathic physicians serving in the Uniformed Services (Military). Each Divisional Society and Military automatically receives one delegate. The remaining delegate positions will be allocated among the Divisional Societies and Military based on the proportion of members of the AOA who are located in the state represented by that Divisional Society or in the case of the Military, the proportion of members of the AOA currently serving on active duty in the uniformed services of the United States. The allocation of the remaining delegates will be recalculated each year.

Additionally, as per the AOA Bylaws (Section 10-Representation of Student Councils) each accredited college of osteopathic medicine, each branch campus and each additional location, with an active student body, may be represented in the House of Delegates by its president (and alternate) as a member of the delegation of the divisional society representing the state in which such college of osteopathic medicine, branch campus, or additional location is located.

AOA Specialty College & Affiliate Representation

Each AOA recognized Specialty College shall be represented by one delegate and one alternate at the AOA House of Delegates meeting. No specialty college delegate or alternate shall also be a member of a divisional society's delegation to the AOA's House of Delegates.
